

Initiation and Engagement of Substance Use Disorder Treatment (IET)

The following codes can be used to close HEDIS® numerator gaps in care; they are not intended to be a directive of your billing practice.

New for 2023

Updated

- Members who died during the measurement year is now a required exclusion
- “Detoxification” has been replaced with “withdrawal management”
- Rates will now include stratification by race and ethnicity

Definition

Percentage of new episodes of substance use disorder (SUD) that result in one or both of the following:

- **Initiation of SUD Treatment** – Percentage of new SUD episodes that result in treatment through an inpatient SUD admission, outpatient visit, intensive outpatient encounter, partial hospitalization, telehealth or medication treatment within 14 days of diagnosis
- **Engagement of SUD Treatment** – Percentage of new SUD episodes that result in treatment within 34 days of initiation visit

Plan(s) Affected	Quality Program(s) Affected	Collection and Reporting Method
<ul style="list-style-type: none"> • Commercial • Exchange/Marketplace • Medicaid • Medicare 	<ul style="list-style-type: none"> • CMS Quality Rating System • NCQA Accreditation • NCQA Health Plan Ratings – IET Engagement Only 	Administrative <ul style="list-style-type: none"> • Claim/Encounter Data

Codes

The following codes can be used to close HEDIS® numerator gaps in care; they are not intended to be a directive of your billing practice.

All of the following scenarios must include a diagnosis of 1 of the below on the claim:

- Alcohol use disorder
- Opioid use disorder
- Other drug abuse and dependence

Acute or Nonacute Inpatient Visit

For numerator compliance for engagement of treatment, at least two of the following scenarios must have been met on the day after the initiation encounter through 34 days after. Two engagement visits can be on the same date, but must be with different providers.

Scenario 1 : Inpatient Stay

Important Notes

Test, Service or Procedure to Close Care Opportunity

Episode date is the earliest date of service for an observation, intensive outpatient, partial hospitalization, outpatient, telehealth, detoxification or ED visit not resulting in an inpatient stay with a substance use disorder diagnosis between Nov. 15 of the year prior to the measurement year through Nov. 14 of the measurement year.

- Initiation of SUD Treatment must take place within 14 days of the episode date.
- Claims must include the visit code, original episode diagnosis and, when applicable, a place of service code.
- If the episode was an inpatient discharge or an ED visit resulting in an inpatient stay, the inpatient stay is considered initiation of treatment and the member is compliant.

- Initiation of SUD Treatment through:
- Acute or non-acute inpatient stay
 - Group visits with an appropriate place of service code and diagnosis code
 - Medication dispensing event
 - Medication treatment
 - Online assessment with diagnosis code
 - Stand-alone visits with an appropriate place of service code and diagnosis code
 - Telephone visit with diagnosis code

- Engagement of SUD treatment is compliance with the initiation treatment AND one of the following between the day after and 34 days after the initiation visit:
 - At least 2 inpatient, outpatient or medication treatment visits (excluding methadone billed on a pharmacy claim)
 - A long-acting SUD medication administration event (MAT)
- Claims must include the visit code, original episode diagnosis and, when applicable, a place of service code.
- For members who initiated treatment through an inpatient admission, the 34-day period for the two engagement visits begins the day after their discharge.

- Engagement of SUD Treatment when a member meets the criteria for initiation of treatment and proceeds with two or more of the following:
- Acute or non-acute inpatient stay
 - Group visits with an appropriate place of service code and diagnosis code
 - Medication dispensing event
 - Medication treatment
 - Online assessment with diagnosis code
 - Stand-alone visits with an appropriate place of service code and diagnosis code
 - Telephone visit with diagnosis code

Initiation and Engagement of Substance Use Disorder Treatment (IET)

Tips and Best Practices to Help Close This Care Opportunity

This measure focuses on follow-up treatment when diagnosing a patient with substance use disorder.

- Use screening tools to aid in diagnosing.
- Screening tools (e.g., SBIRT, AUDIT-PC, Audit C Plus 2, CAGE-AID CUDIT-R) assist in the assessment of substance use and can aid the discussion around referral for treatment. Code “Unspecified use” diagnoses sparingly. Screening tools available at [providerexpress.com](https://www.providerexpress.com) > Clinical Resources > Behavioral Health Toolkit for Medical Providers.
- Schedule a follow-up appointment prior to patient leaving the office with you or a substance use specialist to occur within 14 days and then 2 more visits with you or a substance use treatment provider within the next 34 days.
- When a patient is in remission, please remember to remove the original diagnosis and use remission codes:
 - Mild (abuse) F10.11
 - Moderate/severe (dependence) F10.21
- If patient has started MAT then they only need one MAT follow-up visit in 34 days
- Sharing member demographic data is critical to understanding the cultural, linguistic and social needs of those we serve and decreasing health inequities across the care continuum. This data can include, but is not limited to, race, ethnicity, language, sexual orientation, gender identity, pronouns, sex assigned at birth and disability status. As part of UnitedHealthcare's clinical structured data exchange program, we encourage you to include this demographic data with any structured data file or CCD. Your information is confidential. UnitedHealthcare will keep personally identifiable information confidential and won't disclose any information without your written consent.
- Encourage the use of telehealth appointments when appropriate
- Encourage newly diagnosed individuals to include their family in their treatment
- Although community supports, such as AA and NA, are beneficial, they do not take the place of professional treatment.
- Encourage newly diagnosed individuals to accept treatment by assisting them in identifying their own reasons for change.
- If you need to refer your patient to a substance use specialist or need to request coordination of care, please call the number on the back of the patient's health plan ID card or search [liveandworkwell.com](https://www.liveandworkwell.com).
